

Demand Response

*With Amy Findlay, Eversource &
Anna Bella Korbatov, Fermata Energy*

November 19, 2024

About Us

CWEEL is a division of the Association of Energy Engineers (AEE), formed in 2007, of professional women encouraging and supporting one another to advance gender equality in a historically male-dominated industry. CWEEL's mission is to support career development for professional women, mentoring, networking, and scholarships for aspiring women to pursue technical education and careers in the energy and environmental fields. CWEEL strives to increase the diverse membership of AEE by involving women in all levels of participation and leadership in AEE.

How to Get Involved

01

Become a member

Add CWEEL membership to your AEE membership, at no additional cost.

02

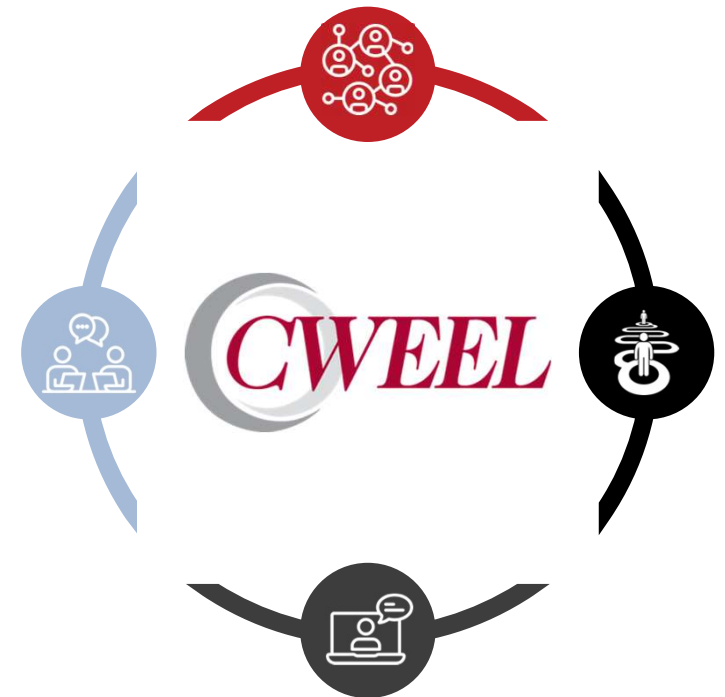

Join or start a group

Members can start or join a CWEEL group at local AEE chapters.

03

Join a Committee

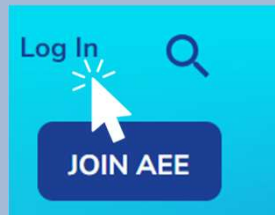

The CWEEL Governing Council has eleven (11) committees with volunteer opportunities.

Become a Member

Step 1

Visit aeecenter.org and login to your existing AEE membership. If you are not yet an AEE member, you must sign up to gain access to CWEEL membership benefits.

Step 2

Once logged in, click on **'Upgrade your Membership / Add-Ons (Divisions)'**.

[Edit Your Profile / Change Your Address](#)

[Upgrade Your Membership / Add-ons \(Divisions\)](#)

[Print Your Membership Certificates](#)

[Print Your Conference Certificates](#)

[View Your Account / Transaction History](#)

[View Your Certification Status](#)

Step 3

Scroll down past the contact information to the section **'Optional Divisions'** and select CWEEL membership.

OPTIONAL DIVISIONS

Select the division(s) you would like to add to your **existing membership**.

Alternative & Renewable Energy Development Institute (AREDI) \$30.00

[Clear Selection](#)

Cogeneration & Distributed Generation Institute (CDI) \$30.00

Council on Women in Energy and Environmental Leadership (CWEEL) \$0.00

Step 4

Scroll down to the bottom of the form and complete the reCAPTCHA, then click **'Submit'**. CWEEL is available at no additional cost.

Today's Presenters

Amy Findlay has spent over 10 years in the Energy Efficiency department at Eversource in various roles including and is now the Manager of Demand Response and Managed Electric Vehicle Charging. Prior to joining Eversource, she worked in environmental and geotechnical engineering positions. She has her BS in Civil Engineering from the University of Notre Dame and her MBA from the University of Michigan.

Anna Bella Korbatov has been with Fermata Energy for over 7 years and is the Director of Regulatory Affairs leading the company's collaboration with state agencies, utilities, and local jurisdictions on the design of Vehicle Grid Integration (VGI) rates and programs. She holds a Bachelor's in Political Science from UC Berkeley and a Master's in International Relations & Economics from the Johns Hopkins School of Advanced International Studies (SAIS).
