New England AEE Annual Energy Outlook Forum – 2013

January 9th

Raytheon Headquarters, at 870 Winter Street in Waltham, MA

This year's New England Association of Energy Engineers' Annual Energy Forum will be held at the Raytheon Headquarters, at 870 Winter Street in Waltham, Massachusetts on Wednesday, January 9, 2013. Breakfast at 7:30 a.m. with presentations beginning at 8:30 am.

This year's forum will focus on "Pertinent New England Energy Issues - Energy Efficiency, Natural Gas Issues/Costs and Energy Outlook".

Our first speaker will be a **Representative from the Massachusetts Department of Energy Resources** providing an update on the "Three Year Plan" for funding of energy efficiency across the Commonwealth.

Next **Mike Dirrane, Director – Northeast Marketing – Spectra Energy** will discuss the need for new gas transmission capacity to accommodate the increase in Northeast shale supplies.

Our third speaker will be **William Boyce, Eastern Regional Manager – Cummins Westport**. Bill will be discussing the increased use of natural gas engines and what the future holds for natural gas as a transportation fuel for fleet vehicles.

The fourth speaker will be **Harvey Leonard, Chief Meteorologist - WCVB-TV -Boston**. Harvey will discuss the past, current and future weather trends and what we are likely to expect for weather patterns in the future.

David Chamberlin, Principal Energy Engineer, Raytheon will close out the formal program providing us an overview of Raytheon's Energy Journey. Dave will also provide some tips for a successful corporate energy program.

Additional time has been inserted for a greater amount of networking before, during, and after the Forum. All of us at the New England Chapter of the Association of Energy Engineers, as well as, all our Corporate Sponsors and Members will benefit from this forum. We encourage all of you to reach out to your associates, customers and friends and extend an invitation to attend this informative and valuable presentation.

Space limited to the first 100 Registrations

Please remember to pre-register for this event by going to the New England AEE Website, www.aeenewengland.org. Also as bring a photo ID with you for security purposes to enter the facility.

Please register and pay on-line using PayPal at
<http://aeenewengland.org>,
or email to info@aeenewengland.org .
\$50.00 per person

PRESIDENT'S MESSAGE

Happy Holidays

On behalf of AEE-NE happy Holidays to all of our friends and chapter members! We have had a busy month with the Annual Product Show, our December meeting and the roundtable event hosted at the Enernoc headquarters in Boston. I would like to thank Kathy Stanley and Sam Nutter for pulling these events together.

Due to the success of our first technical roundtable, we have decided to schedule two of these events each year going forward. Another roundtable event is expected to be scheduled for this coming spring focusing on **Energy-focused Sequences of Operation**. This event will again be managed by Kathy Stanley. Details of the event should be forthcoming within the next few weeks.

If you did not attend our December meeting, we took the opportunity to honor Arthur Orenberg's retirement after so many years of service to the chapter. Although his presence will be missed at our monthly meetings, he will forever be a part of our chapter legacy.

I am excited to announce that we will also be rolling out our new interactive website in the coming weeks. Please check out our site www.aeenewengland.org in early January to see the significant changes that we have made.

For those planning to attend our **January Energy Outlook Breakfast Forum** on January 9th please register early as this event has limited seating and is usually sold out well in advance.

Gregg Snyder

Upcoming Events From Outside Organizations (subject to change)

ASHRAE Boston-Monthly Meeting & Membership YEA night

Date: Tuesday January 8, 2013, 5:30 PM-8:30 PM

Topic: High Efficiency Run-Around Energy Recovery Systems

Speaker: Rudolph Zengerle

Location: Embassy Suites Waltham, MA

Meeting Manager: Teri Shannon tshannon@dac-hvac.com

Website: <http://www.ashraeboston.org/chapterupdates/calendar.html>

AFE-Chapter 37: Monthly Meeting

Date: Tuesday, January 8, 2013, 6:00PM-8:00PM

Job Opportunity

National Grid is looking for a Technical Support Consultant to provide technical expertise and oversight for the assessment and development of installation solutions for customer energy measures, facilities, programs and technologies to support growth and energy efficiency goals. The Technical Support Specialist will research primary data sources and evaluate developments in electric and gas technologies in order to enable analysis of key themes and trends and to develop strategies for integrating cost effective energy efficient technologies into current projects. Other responsibilities include the following but are not limited to:

- Conducting technical reviews and maintain systems and procedures to support the design of solutions that enhance National Grid's energy efficiency and load management programs.
- Developing effective relationships with the technical support team, account prospecting, inside/outside sales, energy product/program management and vendors.
- Providing technical guidance, support and coaching to others in order to share knowledge and increase understanding of energy efficiency programs and services.
- Analyzing and evaluating developments in electric and gas technologies from a wide range of data sources in order to identify how different scenarios may impact upon the business and to deliver strategies for integrating cost effective energy efficient technologies into current projects.

Qualifications:

- Bachelor's degree in engineering other related science or technology discipline or equivalent work experience.
- 3+ years of relevant experience. Preferably in building design reviews and working with Consulting Engineers and Contractors.
- Familiarity with high performance green design practices and standards.
